Humminbird Side Imaging®

New **Down Imaging™**

ARM YOURSELF WITH A FULLY LOADED HUMMINBIRD®

Take aim and land the big one with three powerful fish-finding technologies from Humminbird®. All-new Down Imaging™ joins Side Imaging® with amazing, picture-like images that show exactly what is going on below the surface. SwitchFire™ Sonar kicks our downlooking sonar up a notch, giving you the choice of two display modes for even more on-water versatility. Leave nothing to chance, and storm the seas with an arsenal of Humminbird technology.
